4. This agreement, in combination with the Canadian Kennel Club Non-Breeding Agreement, constitutes the entire agreement between the Buyer and Seller and it will be considered null and void unless it is signed by the Buyer and returned to the Breeder within one month of pickup/delivery.

### **Responsible Ownership:**

1. The Buyer agrees to provide this dog with proper food, water, shelter, attention, exercise, and training. In addition, the Buyer agrees to abide by local bylaws concerning the responsible ownership of a dog.
2. The Buyer agrees to provide annual veterinary checkups for this dog and understands that failure to do so may void any health guarantees in this agreement.
3. The Buyer agrees to notify the Breeder of any address changes that occur throughout the life of the dog. The Buyer agrees to notify the Breeder if the dog is sold or otherwise changes possession and to provide the name and contact information for any new owners.
4. If the Buyer is unable to keep the dog for any reason during its lifetime, the Buyer agrees to return the dog to the Breeder, without compensation, unless other arrangements are made in writing. The Buyer agrees that this dog will not be surrendered to a shelter or rescue association without the written permission of the Breeder.

### **Health Guarantee**

The health guarantee as per this agreement is non-transferable and applies only to the original purchaser of the dog.

1. The Breeder believes this dog to be in excellent health at the time of sale. In the case that a life-threatening or untreatable condition is discovered by a veterinarian within 72 hours of pickup or delivery, the dog may be returned

to the Breeder for a full refund of purchase price. The Buyer is responsible for any veterinary fees, and shipping charges will not be refunded.

2. The Buyer agrees to maintain the dog in good health in order to minimize the occurrence of health problems. The Buyer understands that obesity can be a serious health problem for Labrador Retrievers and agrees to maintain this dog at a lean healthy wait and to provide it with adequate, age-appropriate exercise.

3. The Breeder guarantees this dog to be:

- a) Free of hip dysplasia, elbow dysplasia, and inherited eye disease until the dog's 26<sup>th</sup> month of age.
- b) Unaffected by Exercise Induced Collapse and Centronuclear Myopathy for the lifetime of the dog.
- c) Free of all other genetic defects for the period of 1 year.

A dog unable to receive an OFA hip rating of Fair, Good, or Excellent, unable to receive an OFA elbow rating of Normal and/or unable to receive a CERF certificate due to a GENETIC eye problem will be eligible for the effect of this agreement. A dog unable to receive a rating of "Clear" or "Carrier" by Alfort Veterinary School (for CNM) or University of Minnesota (EIC) shall be eligible for the effect of this agreement. If in the dog's first year it is found to have a condition which may be confirmed inheritable by a genetic test, the Buyer must provide test results as well as a written report from the examining veterinarian. The Breeder reserves the right to have the dog examined by an independent veterinarian

If one of the above genetic problems is diagnosed, in order to be eligible for the effect of this guarantee, the Seller must provide an official copy of the report (OFA, CERF, EIC or CNM) to the Breeder within the allotted time frame. In this situation, the Buyer may :

i) Keep the dog as a pet, provided the dog has been spayed or neutered (proof sent to the Breeder) and the Breeder will refund half of the original purchase price.

ii) Return the dog to the Breeder, and a replacement puppy may be selected from the Breeder's next available litter.

iii) Not euthanise this dog due to this condition prior to written approval from the Breeder except in extreme circumstances. In this case a letter from the veterinarian outlining the situation should be provided to the Breeder with the OFA report and veterinary records.

4. The Buyer agrees to notify the Breeder of any illness or injury (occurring at any time throughout the life of the dog) suspected of being hereditary in nature. Such information is required in order to reduce or eliminate problems in the Breeder's future litters.

\*\*\*\*Conditions: If this dog is used for breeding, either by accident or intentionally prior to the reversal of the non-breeding agreement (below), then ALL health guarantees contained here-in shall be considered null and void. \*\*\*

**Breeding:**

This dog is sold on a Canadian Kennel Club non-breeding agreement. This agreement is reversible anytime after the dog has reached two years of age and has achieved ALL the following health clearances:

- 1) OFA Hip rating of Fair, Good or Excellent
- 2) OFA Elbow rating of Normal
- 3) CERF rating of Clear
- 4) DNA testing of Clear or Carrier for both Centronuclear Myopathy and Exercise-Induced Collapse.

In order to cancel the non-breeding agreement, the Buyer will be required to submit proof of the above to the Breeder. The Buyer is responsible for the cost of reversing this agreement with the Canadian Kennel Club. The Buyer understands that the Breeder cannot guarantee the suitability of this dog for breeding purposes or any other specific purpose. The Buyer agrees never to breed this dog unless the non-breeding agreement has been reversed, and in that case, the Buyer agrees to only breed this dog to suitable registered dog of the Labrador Retriever breed who has also received a minimum of the above health clearances such that no disease affected puppies will be produced..
